IMPORTANT NOTICE

Effective June 1, 2008, the California Board of Registered Nursing now requires examination applicants to have background checks from the Federal Bureau of Investigation (FBI) in addition to the Department of Justice (DOJ).

There are two methods available for completing the fingerprint requirement. For applicants residing in or near California, the Board recommends you use Live Scan to submit your fingerprints in order to shorten the time for your fingerprint process. *(Instructions for submitting Live Scan **or** a fingerprint card (hard card) are included in the application packet.)*

Revised Application Fee Schedule for Examination

METHOD 1

LIVE SCAN" APPLICATION PROCESS -- Applicants are required to pay the fingerprint processing and Live Scan fees at the live scan site in addition to the application fee.
